BABALON SPEAKS

BABALON SPEAKS

This being a telepathic communication from the HOLY GODDESS BABALON OF THE THREE-FOLD NAME, to one NA-HE-TEH/BAFOMETZ, Priest and Scribe of the HOLY LADY.

This did occur one week prior to the Fall Equinox 1991. Each transmission is given as I received it. Through these communications I was directed to perform a rite on the night of the Equinox; this was referred to as the GREAT RITE OF BABALON.

I performed this ritual as directed and was staggered by it's results, I have included the actual ritual as I received, and as I performed it. It is my hope that others in their search for the True and HOLY GNOSIS shall benefit as I have with this information and that their lives will be enriched by the HOLY and BLESSED GRACES of BABALON, BABALOND, BAVALOND, THE HOLY GODDESS.

ALL PRAISES
AND ALL BLESSINGS BE

First Transmission FROM BABALON

9-16-91 9:00 AM to 12:00

FROM BABALON

1. Step lightly on winged feet my beloved, thou art my holy priest and scribe and I do truly love thee my little flower my little pet.
2. Did I not show you the truth and the folly of wisdom?
3. Thy initiation has been swift and sure and it shall proceed double swift till the 21st. And so shall ye be drawn into the Great Rite of the Void!
4. There is no God where I am. I speak to you from No-Where, yet I am in all. The gates of the universe have been thrown open to thee and thou hast seen the sacred and holy sites, and the secret places known only to me.
5. I have given you the words and the numbers in my book and thou shall know their true meaning and then shall the true people of joy be blest!
6. Thou must be purified by the truth of Karma. You I cleanse by fire and by water and by the rushing air and so too by the powers of the earth. I have given to you the knowledge and the conversation of your Holy Guardian Angel Mautet, and thou did exceed in much joy unto me. But thou hast been prepared even while ye slept and had no knowledge of the change.
7. You have I prepared as my sacred vessel of the Word! So I will lay open to you all I have like a harlot and like a priestess; the joy of the truth of the words and ways of wonder.
8. And thou shall succeed in thy priestly role and so shall thy children and their children.

9. Thou hast seen me as I am, but not in my full glory. so I shall reveal myself to thee in the Great Rite of the Equinox and I shall complete this phase of your transformation. This is a divine blessing for thy will sacrifice all to me and I shall suck the very life from your bones and you shall be like dust carried away by a black wind and the black flame shall flicker and die out.

10. But thou shall be with me. Then shall I restore thee but not like a dying god shall ye be, nay have not faith in dying gods for they are liars and frauds bent on deceit and suffering!

11. Thou shall be restored in double form an integrated whole, like the name thou hast chosen Bafometz/69. Thou art a temple unto thy self and thou art given the 13 syllables and the 13 hand seals of power and the double words of power and dissolution. So shall ye give these to the people of joy for their transformation.

12. Distribute My Holy Book and the transmissions that thou shall receive and the results of the Great Rite to follow.

13. Thou shall enter as priest and priestess of mine as Mautet shall be thy vehicle consort and Ethane and Shailia and Anjolea shall ease you in the chamber of comfort which is the outer temple. Then shall you be delivered to me as Bafometz/69 the double-poled one. And so shall I become the priestess and Goddess and thou shall be my altar of the five pointed star, my altar of living flesh! So shall ye enter the sacred temple of emptiness, the inner sanctum which few have seen in the time of man.

14. You I have chosen among men to be my priest and my scribe because thou art truly a fool and by my hand have I shown you the falseness of dogma. Thou art the Moon-Dog. And to some you will appear as a mad dog, but I give you the sharp teeth of truth in words to snap back at the one's who doubt the True Gnosis!

15. For you shall enter a secret place known only to me. Few have entered and none have returned. You shall return but not as you were, thou will truly be Bafometz 69 the Black-Flame, the Black-Pearl, the Moon-Dog. I shall give you the power of true initiation for the people of Joy through the sacred teachings of my Holy Book. And so too will I bring forth in you the Buddah nature. So shall you be purified!

16. Thy throne shall be the naked flesh of my body, for where ye shall be even I cease to be a Goddess!
17. And everything shall be as nothing and thou shall crave no more, and we shall be twain and yet dissolved into nothing in the Na-Da. The Gnosis of nothingness.
18. And thou shall be anointed by me in our secret place, away from the eyes of the gods!
19. Thou shall be given the way of true wisdom, of the inner temple, the temple of emptiness.
20. The outer temple is the temple of the black-flame.

FROM BAFOMETZ

CONCERNING THE GREAT RITE OF

BABALON/3

Dissolved into minute particles, like the sands of time. Formless but linked by the force of consciousness in its purest, formless, void state.

And so did I see the Goddess Babalon/3 in this light and it perplexed and amazed me, this state so hard to comprehend. Yet here it was. And I was being drawn into it or better yet dissolved into to it. To become the dust of the stars, the dust of the heavens, yet still to retain pure void-consciousness.

Contradictions were many and my rational mind and my rational thoughts balk from the vision. For such was not rational, not in the least, but at the same time I understood, I knew it to be true.

This was a great bliss, a great awakening, Maha-Mudra, inlightenment. And it was so simple. Like the truth is always, already right there before us but we don't see it. We are not directly programmed for it. Here is true joy and bliss, nirvana in the extreme!

QUESTIONS AND ANSWERS FROM

BAFOMETZ/69 and BABALON/3

9-27-91

1. And I said unto her "Oh Great Goddess wilt thou give me pleasure forever?"
2. And the Goddess said, "Nay thou shall have a pain to balance pleasure. Thou shall exceed beyond mere pain and pleasure."
3. Would thou choose eternal pain to go with eternal pleasure?
4. Then I cried out to my Goddess, "What shall my gift from thee be, oh most Holy One?"
5. And she replied, "Thy gift shall be nothing! And with that you shall be well pleased, for that which thou once were now depends on neither pain nor pleasure, the vexation of mundane gifts."
6. Thy shall have knowledge, but knowledge untainted by reason which is a bane to mankind.
7. Oh Great Goddess can I lie with you on a bed of lily flowers and you shall be my lily-white and I your morning dew?
8. Nay this is but a brief repast and is also tainted although still a gift worthy of a god.

9. Choose ye not the lily-white, for I shall give you all by dissolution and so shall thou expand and break apart like stardust blown across the universe and we shall become faceless you and I and so shall we cease to be the you and the I and become one and naught at the same moment, and every moment shall cease for there is no time!
10. Our breath shall be the beginning and the ending of all the worlds and of all the universe!
11. Our tears shall become mixed with our laughter, which shall flow beyond the reaches of eternity, for the joy of dissolution is to give all and become naught!
12. So too is this beyond bliss and beyond the catch-word truth, for we have become that which defies conscious thought and yet we reside in the sheer potential of truth.
13. This is the true meaning of the cup as my goddess symbol and this is a great gift, yet it goes almost unnoticed and unused!

BAFOMETZ/69 and THE GREAT RITE OF BABALON/3

1. The rites begun and I have become the beast and the altar of sacrifice, a pentagram of earthly flesh do I abide, I await thee my Holy Goddess.
2. And so dost thou come before me in raiments fair and comely and truly radiant is your beauty, such beauty to behold and I lust for you beast-like, but I am sacrifice and can do nothing but thy bidding.
3. Thy cup I fill to overflowing with my beast-blood and I exhaust my souls strength to hold back not a drop. I have given all!
4. I receive your kiss and am driven mad. I am a maddened wounded beast, I cry out in pain and in joy and writhe on the altar as I die with a shudder and a gasp and I become the woman of scarlet. On a field of scarlet do I lie and I am pleased and sure.
5. I am BABALON and I am the BEAST! I am beauty and I am life. I am fire and I am force! I am not reason for reason's sake, but blind joy for the sake of all!!!
6. The temple is filled with light as though reflected off a black pearl. On the altar is a fiery flame which speaks with a fiery tongue and all the while I abide in divine madness, looking through the eyes of a God and a Goddess!

7. I am Bafometz, the self-sustained, the double one, the holder of the black flame and the diamond-mind. I am dual yet I am naught for I am the $1+1=0$; and yet I abide in this state just observing, this state of now and nothing.

8. Then did the Goddess speak unto me, in a voice that cracked the sky, to rend the veil of knowledge and it was forever strewn through the heavens. And the sky opened up and the stars rained down like golden snowflakes upon our heads!

9. I am primal sound. I am naught. I am void and formless and so shall ye be, my Beast!

10. And so it was that I saw the Goddess BABALON splinter into a thousand pieces of star dust, each piece shone and glistened with light and life and yet I could still see her face although it was made up of the dust of a thousand stars!

11. Now I felt myself begin to vibrate with this primal sound, stronger and stronger until I could stand it no more and my consciousness shattered! I too became the dust of the stars and each particle became a speck of consciousness as though I was looking through a thousand eyes. Like the eyes in the feathers of a peacock, shining and glowing.

12. We were dissolved into ecstasy BABALON and I her Beast and we did play and mingle as the dust of the stars! We formed a vortex, spinning faster and faster and we became denser with every turn and our light became darkness and shone inside itself; we were driven inward like an implosion into a black hole, plunged into a tunnel with great speed and yet nothing moved.

13. We receded into the void and I knew that this was the true alpha and omega for it was nothing but joy and ecstasy and yet it was nothing to man's conception of time or space. Void consciousness a contradiction in terms and yet a reality when viewed from this point-less point of view. No longer did I view from the hadit-point, but from the pointlessness of chaos. Chaos the foundation of all built from nothing and Ne-Un, became the sunyata, the bell-like sound of the Goddess the source of void nature.
14. This was my gift from the Goddess BABALON to be driven beyond the realm of even god/esses. And I did abide, for how long I do not know, for time held no meaning.
15. Then did I return to the temple and the altar of flesh changed as I was yet unchanged and my view was again earth bound. I had been the God/ess, the dance of Cosmos and Chaos, the Beast and the Scarlet Woman BABALON.

So Mote It Be!

Black sphere on the right of the cup and the incense urn on the left. Three candles; purple in the middle, red on the left, and black on the right. Central on the altar a picture of the Goddess BABALON.

Cast the circle, then perform the Lesser Banishing Ritual of the Pentagram followed by the Banishing Ritual of the Hexagram.

Facing East from behind the central altar ring the bell 13 times. Move to the southern altar and pick up the Cup of BABALON, turn and face north while holding the cup over head with both hands and say, "Mother Earth look kindly upon me and this appointed house and give me the stability and firmness I need." Kiss the Cup and replace it on the altar. Move to the center altar and pick up the disk. Circle clockwise while holding the disk on high and say, "I go downward into darkness a lamp of moonlight lights my way. I see forms both luminous and void. I receive a robe of dark light from a priestess who stands before LILITH, her beauty and presence makes me mute!"

Draw an Earth invoking pentagram and vibrate NANTA (N-ah-n-tah. Draw the sigil of Taurus in the center of the pentagram and vibrate MOR-DIAL-HKTGA (Mo-ar-dee-alee-heh-keh-tega). Hold disk on high and say, "In the names and letters of the Great Northern Quadrangle and in the Name of our Holy Lady of the Threefold Name I invoke ye, ye angels of the Watchtower of the North." Replace the disk on the central altar.

Move to the southern altar and pick up the Cup of BABALON and face west while holding the cup on high and say, "Oh Great Mother of the deep waters, look with favor upon me and this appointed house and give me the ability to change when need be." Kiss the cup and replace it on the altar. Pick up the elemental cup of Water and hold it high and circle clockwise while saying, "Now I a priest of our Holy Lady anointed by fire do sprinkle with the lustral waters of a vast and endless sea." With the cup draw an invoking pentagram of Water and vibrate HKOMA (Hay-koh-mah). Now draw a blue eagles head in the center of the pentagram while vibrating MPH-ARSL-GAIOL (M-peh-heh-ar-ess-el-gah-ee-oh-leh. Hold the cup on high and say, "In the names and letters of the Great Western Quadrangle and in the Name of our Holy Lady I invoke ye, ye Angels of the Watchtower of the west." Place the cup on the central altar.

Move to the southern altar and pick up the Cup of BABALON, face east and hold the cup on high and say, "Mother of Air blow gently thy breath upon me thy priest and upon this holy house and imbue knowledge and wisdom." Kiss the cup and return it to the altar. Take the feather from the central altar, hold it high and circle clockwise while saying, "And so our Lady threw her feather into the air and it became a sword and then again a feather, to guide the arrow shaft released, to carry perfume sweet of our Lady's scent to our nostrils on the eastward wind."

Stop and face the East, and with the feather draw an Air invoking pentagram and vibrate EXARP (Etz-ar-pay). Draw the symbol for Aquarius in the center of the of the pentagram while vibrating ORO-IBAH-AOZPI (Or-oh-ee-bah-hay-ah-oh-zod-pee. Now hold the feather on high and say, "In the names and letters of the Great Eastern Quadrangle and in the Name of our Holy Lady I invoke ye, ye Angels of the Watchtower of the East." Return the feather to the central altar.

Move to the southern altar and pick up the Cup of BABALON, while facing South hold the cup on high and say, "Oh Great Goddess of Force and Fire hear me thy priest and grant unto me the strength and fortitude I require to carry out this Great Work!" Kiss the cup and replace it on the altar. Pick up the Fire wand from the central altar and hold it on high and circle clockwise while saying, "Then Isis mourned and found the shaft of Osiris and through magic he was restored. Let my wand remind me thus of the love of Isis and may the fire of the South temper and strengthen me so that I can bear more joy!" Stop at the South and with the Fire wand draw a fire invoking pentagram then vibrate BITOM (Be-toh-may). Draw the sigil of Leo in the center and vibrate OIP-TEAA-PDOKE (Oh-ee-pay-tay-ah-ah-pay-doh-kay). Now hold the wand on high and say, "In the names and letters of the Great Southern Quadrangle and in the name of our Holy Lady, I invoke ye, ye Angels of the Watchtower of the South." Return the wand to the central altar.

Starting in the south circle in a clockwise direction around the central altar. Do this three times. Each time you pass the southern altar give the sign of the Enterer, and each time say one of the Holy Names of the Lady: BABALON, BABALOND, BAVALOND.

Facing South make the sign of the enterer and say, "Holy art Thou Lady of the Universe." Make the sign of the enterer and say, "Holy art Thou whom nature hath not formed." Again make the sign of the enterer and say, "Holy art Thou the vast and the Mighty one, Goddess of Light and Darkness, Life and Love!"

Now prepare to enter the Chamber of Great Comfort. Vibrate the mantra Nee-Un over and over again while visualizing a black flame burning from a purple candle. Hold the mind on this and after the picture is complete feel yourself drawn through the flame and by this enter the Holy Chamber. You will be met by three attendants who are priestesses of the Goddess. They will tell you their names and numbers. It is their function to prepare you for Union with the Holy Goddess of the Threefold Name. You will be taken to a central altar and you will lay upon it. Your arms and legs will be open so that your body forms a five point pentagram. Your head will be at the southern end of the altar, this is the Altar Of Great Sacrifice. The attendants will begin to vibrate the Holy Phrase; E-Tay-vau-E-vau-Tay-Oh-Oh-No-Tay-Nah-E-veh. While they are doing this you must think only of the Goddess BABALON and truly become a sacrifice unto her. If your devotion to her is absolute, she will come to you and join with you in a union of great joy. You will be taken to the abode and beyond, to the heart of the truth of pure joy!

Upon your return to the Chamber give thanks to those who gave you assistance and return to your earthly temple. Stand and face the South and say, "Oh most Holy Goddess of the Threefold Name I have drunk from Thy Cup and become the essence of pure Joy and Delight. Let me dwell in thee forever!"
