

December 31, 1980.

This is the last letter that I will write this year . wow what a statement !

Dear Bate,

I have been trying to get this deed done for quite a few days now , but c
circumstances beyond my control have pevented me from doing it .

You see Bate,our Fifteen year old daughter ran away.and it has taken
18 days for my birds to find her and tell me were she was . Well let
me tell you this, When I found her , It was not MAGICK that I had in my
heart when I burst through the door of the hide-out that she was in
What was creeing up on me was pure violence for what ever it would be
that I found behind that door .

She is now home , but things are not in to good of a shape , as She is
hard headed and very stubborn but all will be resolved soon and I will
be able to send to you pages upon pages of words of deeds that are
done in strange and wierd ways .In fact what you will be reading will
mosy probably turn you against me as a man . But at the same time you
will be able to see that as a man of MAGICK I am some thing else ..

But my dear friend , let me tell here in at least tell
to you that I here in give to you and the Conquering Child Publishing Co.
My most hearty permission to do what you want with all or any of the
words or photos that I thus far sent to you andthat as soon as the
present chrisis is over I will devote all of my time to the completion
of the writting of the VOID . I feel that this will be the work that will
be of most use to humans in the rest/less search for that which they
seek so aimlessly ?? Some times I dont understand the words or sentences
That I end up with . It seems that I am not willing to edit my thoughts as
I go .But that does not mean that what I have just written is not fact.

Page 2

I am back to using this old machine that was found in the garbage can one day and it doesnt work as well as I would like it to . It is missing the letter X and the letter p does not space so at times I find words that come out suprimposed see what I mean .

Well dear friend all that I must now do is not going to be pleasant as it has brought great misery upon many humans who did not deserve to be hurt . Let me just give you a brief glimpse of what has really happened To begin with let me make it very clear that I find I am a very preudiced man . But not as to the colour of a mans skin. Only at the deeds that men of colour ~~perpetrate~~ Like in this case three Black men have taken this one white girl away to another town and plied her with drink and drugs and then they did you know what to her . Well the police want nothing to do with it . So it rests on me and my people to do what has to be done

That is why I am today sendind this note to you . I am on my way to one of the towns NORTH of were I am , . And there I will confront these men as to what they have done. I will then do what ever needs to be done . Except KILL them by mortal means. Now that does not mean that I will not do some dastardly act of Witchcraft HEE HEE it kind of makes me excited to think of what we can do with our minds . What would you do in a like situation ???

Some place in my writtings I have seen what Rorrin has planned for them And it is a ghastly site . I pray that I will then be able to look at myself and still have the same pride in my honor that I have all/ways had. Will you and yours wish me well that I do what is right ? Thank you.

I shall not do any thing that will damage the FAITH .

In the old days they would have delt with persons of this sort with methods , that were very effective . Like removeing the GENITALS so that they never again would be in position to do it again . Theses Men ? are all over the age of twenty one . Do you want to read it when it is done or would you rather not?

Page 3

Enclosed find old letters that I have written to you but for reasons of them fitting into my story I have not sent them out .But if you would sort of puruse them and send them back with your opinions I will be very happy. I fell very strong about what is about to happen by the acts fourthcoming , and I feel that what ever does happen , GOD will not turn against me.

I was just last night talking to Alistair and He has told me of the deeds t that he would do in just such a situation .OH well lets get on to some thing a little more pleasent Here in also there IS a TAPE , It is not the one that I had wanted to send to you , But perhaps you will get some in-tertainment from it.

It is mostly comprised out of the works that you sent to me in your fine journal Being that I no longer loan my books out to humans I read to them things that I like and then give them a tape and if needed a tap e payer .

I find that humans will listen to these words before they will take the time to read them soif I am mis-useing your words BEASE tell me .Every one that hears them likes them very much.I find it is a great way to share the energy .

I also enclose several other things that you might find interesting as they are words that flow through my consciousness at such a rate of speed that I my-self am uncertain as to were or who dictates them to me but when all of these bits and pieces are put together they do make for interesting reading Shucks there it goes spelling bad again.

I AM not at this time communicating with any one in the book buisness save for an occasional note of pure insanity (or science fiction) Like the letter that I sent to a magazine at tñe same time that I sent my last transmission to you .And thus far they have not seen fit to answer me Oh well I feel that it is there lose not mine .I offered them a twelve part series for ther Magazine that would astound the readers who

Page 4 and the last in this note.

It was a story about an Alien who was trapped here on earth unable to find his way back to the place where he came from a dimension that has never been experienced by mortal man. But I have been there, and I AM back to tell the full story in all of its grief-glory-pain-sorrow- etc.etc.

Perhaps, if possible I will enclose another tape of the feelings that these characters of my story really feel like the actual emotions that a mother has after she has raised six kids and finds that in spite of all her good teaching this one goes running out into a world filled with danger to a young girl.

You will find that this is a story that has to be told as it is something that is happening all over the planet surface. Just maybe this is why we as wise men read and write books to see if we can show humans a way to just beat the game of life. Bless us if we are right ----

GOD help me if I am wrong. One of the things that I find to help me keep myself in good shape is this " I MAY NOT ALWAYS BE RIGHT BUT, "I AM NEVER WRONG"

Love is the law, Love under will.

With my most fondest love for all of you in Cincinnati for the year of 1981

Dick Halzey
Rorrim

I could sure use a word from you as soon as it is possible as for the first time in years I am anxious to make that effort to bring my writing to some form or conclusion, You see Bate I am most probably going to be called away before long. The death of Rorrim is evident but through the wife of Rorrim his consciousness will be transmitted to earthlings with ears to hear and eyes to read what can be done with the brain/mind ..
