

THE TOWER SONG

Tower living  
Tower death  
Tower flames on bated breath  
Eat the living  
Eat the dead  
Pick the brains and crush the head  
Bones for beating  
Bones for knives  
Bones to pile about your lives  
Ash for face  
Ash for hair  
Ashes strewn about your lair  
Blood on forehead  
Blood on lips  
Blood that trickles down your hips  
Skins for sitting  
Skins for wearing  
Skins for gnawing, ripping, tearing  
Scream for killing  
Scream for waking  
Scream for making, taking, breaking  
Drums for dancing  
Drums for praying  
Drums forbreeding, seeding, slaying  
Dream for omens  
Dream for peace  
Dream to set you free
