

NU AEONIC VEHICLE
Nu Aeon Thunderbolt (Vajra) Ritual

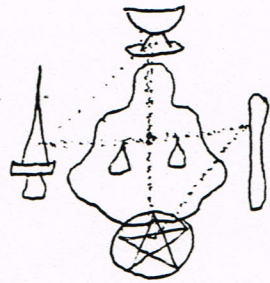

COMMENT

* Purpose; To align the Chakras, the directional vectors of energy flow and to integrate the forces of the Aeons;

- THE AEON OF ISIS: Agape (Far Past)
- THE AEON OF OSIRIS: Thelema (Recent Past)
- THE AEON OF HORUS: Abrahadabra (Present)
- THE AEON OF MAAT: Ipsos (Future)
- THE NAMELESS AEON: Io Pan (Before/After; Null-Time)

All Aeons exist in the HERE-NOW, All are unbalanced without eachother

* The tools and ritual space are like so;

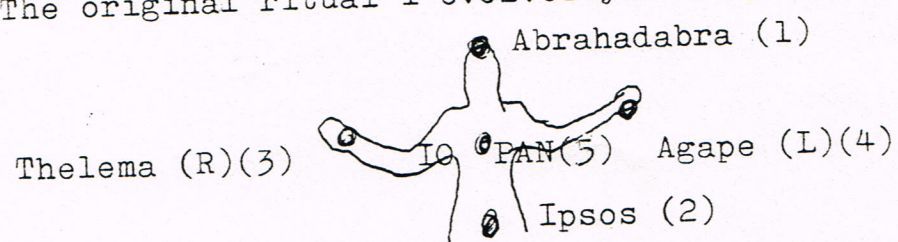

* The Adept is seated upon the Pantacle; (The Hadit-Lifeforce webs the Biosphere of Gaia) The

* The Adept becomes the Sigil or Logos. (SGL= 93 =LGS)

* The opening and closing words are from Liber AL, it is worthwhile to observe where they appear and how they function.

* The original ritual I evolved years ago is thus;

I call it the Thelemic Cross. It is passive and mystical. The Nu Aeonic Vehicle is active and magickal.

* All comments are always appreciated; "Invoke often, banish thorough Banish thoroughly".
